Authorization for this examiner's amendment was given in a telephone interview with an attorney of record, Mr. Ronald Kananen, on 7/20/04.

line 3, "actual" has been replaced by -- clock --,

line 3, "for a clock supply" has been deleted,

line 3, "approach" has been replaced by -- by another --,

line 3, "by a " has been deleted.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: Claims 1-5 and 7-20 are allowed.

Claims 1-5 and 7-10 are allowed for the reasons noted in the previous Office action.

Claims 11-20 are allowed because the prior art of record fails to disclose or suggest the inclusion of a delay unit clocked by respective clock signal for delaying the indicating of the monitor signal as recited in claim 11. The recited limitation the delay unit clocked by the respective clock signal defines patentability over the prior art of record because the limitation defines structural difference of the delay unit over the delay unit of the prior art of record which is clocked by the enabling signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
